Caring for the ones you care for

IN AN EMERGENCY DIAL 911

WHERE ARE YOU?

We can't help you if we can't find you!
If your house does not have a number on it or
your number can not be easily seen from the
road, your life could be in jeopardy.

**LOCAL LAW REQUIRES YOU TO DISPLAY
STREET NUMBERS**

*Serving Penn Township
and the Boroughs of
Manor, Penn, and Trafford*

2019 Readiness Campaign

Merely 10% of our annual operating expenses are covered by our contributors. As a result we are challenged with being well prepared to respond to your emergency with professional Medical Rescue Technicians using the best equipped ambulances. Currently we spend \$103.00 per hour every day of the year for the services and programs we provide. Every resident must do their part and help to fund Penn Township Ambulance.

Penn Township Ambulance Facts:

- Responded to over 2,500 911 calls last year
- Professionally staffed 24/7 every day of the year
- A 501C3 Non-Profit organization
- Technical/Water Rescue Team
- Advanced Life Support Services
- Licensed by the PA Department of Health
- AHA Mission Lifeline Gold Plus Level Provider
- Expert Level Pediatric Care Provider
- Child Safety Seat Inspection Station
- Operation Lifesaver Presenters
- AHA CPR-AED-First Aid & Stop the Bleed Class

Only 3 out of 10 residents make an annual donation. We need your support to meet the ever growing demands to effectively provide emergency medical services. For the last ten years our annual plan rates have remained the same. Unfortunately we must increase the rates to be prepared to respond to your emergency.

Is less than a dollar a week worth the investment in your Emergency Medical Services? Last year more than 50% of the patients we served were not contributors. Two of the most common reasons for not donating; "Didn't think I would need an ambulance at my age" and I never expected this would happen."

Please do your part and help keep us ready to respond.

Contributor Plan

- Penn Township Ambulance will bill your insurance or other third party for services rendered to you on your behalf.
- All request for services must be medically necessary and reasonable.
- Must provide payer information, if any at time of service.
- Out of pocket expense will not exceed 50% of amount due after insurance payment received.
